FOREWORD

Youth holds within its short span experiences never to be forgotten. Into these few years, abundant with joy and mirth, is crowded the time of our lives. Throughout its duration youth is filled with happiness.

The 1941 Staff has used the expression "The Time of Your Life", the title of the most recent play by William Saroyan, a leading American dramatist, as the theme of this, the tenth Hilltopper. We believe that this expression is suggestive of our high school days.

"In the time of your life, live — so that in that wondrous time you shall not add to the misery and sorrow of the world, but shall smile to the infinite delight and mystery of it."

—SAROYAN

MISS HELEN MILLER

DEDICATION

We, the class of 1941, dedicate the Hill-topper to Miss Helen Miller, whose charming personality and happy disposition have helped to make our high school days profitable and memorable. Giving unselfishly of her talents and friendship, she has won for herself the affectionate regard of the faculty and the students of Fredonia High School. We wish her continued success in the years to come.

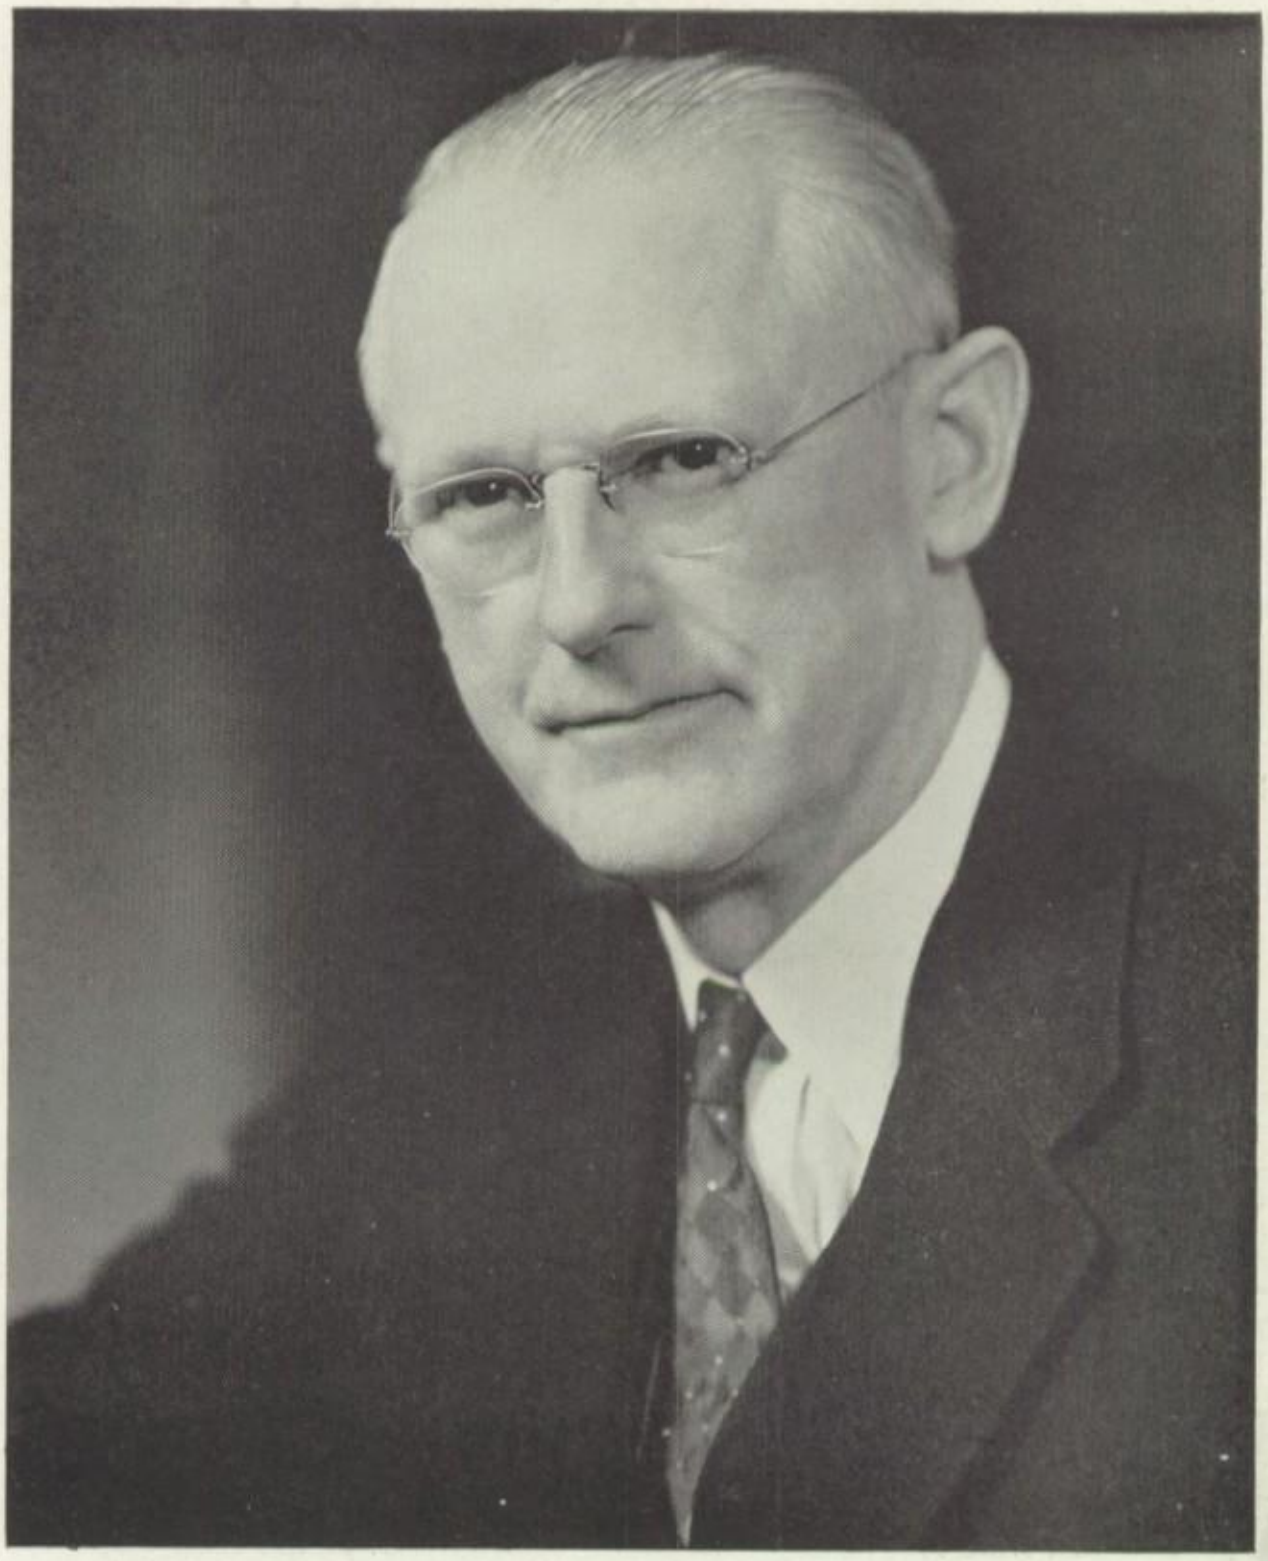
PARENT-TEACHER ASSOCIATION

(EXECUTIVE BOARD)



CLAUDE R. DYE, *Superintendent*

I want to express to the Hilltopper Staff my personal appreciation for the 1941 Annual which I am pleased to add to a shelf of books that I call my memory library. I have made from various sources a fairly large collection of such volumes and I find increasing pleasure in reading their pages so filled with reminders of days gone by. Scrapbooks, albums, college and high school annuals, all add to a most interesting story of past experiences. Conspicuous are the ten Hilltoppers, 1932-1941. Some days ago I met a man whom I failed to recognize. He had changed in seventeen years. It was a great privilege to turn to an old annual to see in an interesting group-picture Bob, the freshman of 1934. I covet such privileges and today I say "Thanks" for a most valuable and attractive addition to my growing library of pleasant memories.

Dear Mrs Hanson
& Students of Freedonia High School

Thank you for your interest-
ing request. Of course you may use the idea
as the theme of your 1941 Yearbook.
I feel quite proud that you want
to use it. Nothing pleases me more
than to learn that my writing is
being read by the young. With
all good wishes.

Yours truly
William Saroyan

P.S. May I have a copy of the Yearbook?

The National Honor Society is more than an association of students of high scholastic attainments. Its aim is to stimulate the character, scholarship, leadership and service of the students of the secondary schools of this country. It also aims to raise the high schools of the United States to a higher plane.

The society was organized in 1921. The first charter was granted to Fifth Avenue High School, Pittsburgh, Pennsylvania. Today there are more than 2400 chapters. The constitution permits the election each year of ten percent of the senior class and five percent of the junior class. The charter of Fredonia High School is dated October 26, 1940. Its number is 2434.

The charter members in the Fredonia Chapter are eighteen in number, fourteen seniors and four juniors. Beginning with the fall of 1941 the collegiate custom of "tapping" will be employed in the formal induction ceremony. We all join in congratulating those who are first to be elected to membership in the Fredonia High School National Honor Society.

The Student Council for the third consecutive year has endeavored to uphold the standards of Fredonia High School and to make additions to the social life of our school.

The council membership consists of the four officers of each class and of two members of the faculty who act as advisers. Early in the year the group sponsored a social at which time it introduced the use of the nickelodeon for school dances. At the same social new admission prices were used. Both of these new ideas proved financially successful and many other groups adopted them.

The Parent-Teachers' Association, desiring to acquaint better the younger students with the upperclassmen, inaugurated a series of school parties held at intervals during the year. At each of these parties members of the student council were in charge of the entertainment. On March 18, the Parent-Teachers' Association program was an exhibit of school work in the special departments. The student council members acted as guides and escorted the visitors from one exhibit to another. The group has always given its loyal support to any activity that would forward the best interests of the entire school.

When all the interesting features of Fredonia High are being considered, there is one activity that cannot be overlooked — the "On the Hill" class. In this classroom one finds work, and more work, as the staff tries to meet the deadline or to plan for the next week's paper.

"On the Hill" has been printed every week for three years and has rapidly developed into one of the most valuable activities of the school. Under able leadership the paper has expanded from two to almost six columns of school news and of "patter." The Principal's Corner, a weekly feature, is an outstanding part of the paper containing material which interprets the school to the community.

The staff of "On the Hill" wishes to thank the students and the teachers for their cooperation in helping us meet every deadline. Grateful appreciation goes to the editor of the "Censor" for giving us space for our column and help when we needed it. We want to wish next year's staff continued success with "On the Hill."

The Library Club, this year, with a membership of thirty-five girls, representing each of the four years of high school, has been a work and social club combined. Every girl has spent one period each week in the library, where she has been given individual instruction in various phases of library work. In November, several of the members took part in a library program given in celebration of Book Week, and others participated in the library exhibit given in March as part of the program for the Parent Teachers' Association.

Among the social activities of the year have been a Christmas party given by the club adviser; a farewell party for Elizabeth Townley, who, during her stay in Fredonia, was our secretary and whom we sincerely enjoyed having in our club; and a party at the close of the year in honor of the seniors, some of whom have been members throughout the greater part of their high school course.

The Science Club met in September for the first time during this school year, with an aim to continue the successful work of the clubs of previous years. After the election of officers, we planned our activities for the year.

With the advice of Mr. Tallman the 24 members have taken part during our weekly meetings in experiments and interesting talks on science.

Among our activities have been directed tours of the National Grape Corporation, the Buffalo Evening News Plant, the Ford Motor Corporation, and the Repeater Station. As the Hilltopper goes to press before the major event of the year, the annual Western Zone Science Congress held at the Buffalo Museum of Science, no report can be given of this conference. The club hopes to win another trophy to add to the school's collection.

DEBATE CLUB

MR. S. GORDON CORTER, *Faculty Adviser*

This year for the fourth time in five years, the Debate Club of Fredonia High School has won the Lake Erie Debate League title. The members of the league again this year were Silver Creek, Jamestown, Bradford, and Fredonia. The question for debate has been, "Resolved, that the Power of the Federal Government Should Be Increased."

The club has succeeded in upholding its very unusual record. Of all the thirty-five various league and non-league debates in which the club has participated in the last two years, a total of only two debates, and both of these non-league debates, was lost.

We of the debate club feel that our success has been due to the tireless and matchless leadership of our debate coach, Mr. S. Gordon Corter. Therefore, it is with this in mind that this year's debate team wishes to express its sincere thanks and everlasting gratitude.

There is little in the theory of luck which will bring man success; but work, guided by thought, will remove mountains or tunnel them.

Well, here we are! The homemakers of tomorrow!

The Jolly Ec-er Club was organized September 1939 for the purpose of extending our homemaking interests socially and professionally. This year we have stressed the social interest in homemaking.

We have had a very interesting and entertaining year, having enjoyed a Christmas party, a sports party and a tureen supper. We expect to entertain more before the close of the school year. It is at these parties that we learn how to entertain and to acquire skills useful to us in our personal lives.

Orille Foster, Dorothy Drummond, and Helen Civilette attended a meeting of the Dunkirk High Homemaking Club, giving a vocational talk on homemaking courses taught in high schools and universities. A discussion followed dealing with the value of high school courses in homemaking as aids in obtaining work after graduation.

This year for the second time in the history of Fredonia High School, the Senior Sorosis Club was organized. This year's group of girls has tried to uphold the purposes of the organization which are to promote friendship among the girls of the class, to establish a close pupil-teacher relationship, to provide opportunities for student leadership, and to afford entertainment for all the members.

The girls in this year's senior class sold personal labels in order that they might be able to meet the club expenses. Throughout the school year the girls have had monthly parties. Some of these parties were a "Mary Jane" party, a Christmas party and tureen dinner combined, and a theater party. Before the end of the school year the senior girls will entertain their parents and the junior girls who will belong to the Senior Sorosis next year.

The girls of the class of '41 hope that they have added something to the betterment of the club and that it will continue to function.

"Did they like it? Listen to that applause!" The applause is being directed at the Fredonia High School Dramatics Club. The curtain has just gone down and the players are taking their curtain calls.

This year for the first time our Dramatics Club presented a three-act comedy, "American Passport," before a large and enthusiastic audience. The play proved to be so successful that a repeat performance was given.

A delightful one-act hill-billy comedy, "Comin' Round The Mountain," was well received by the student body. Another one-act play, "Of All Things," was enacted for the benefit of the P. T. A. and the students of Fredonia High School.

Our club was financially successful as well. Profits from our social and the public plays have enabled the club to secure new plays for further presentation and to purchase necessary properties.

The Dramatics Club banquet was held in May, and, as usual, was the social event of the year.

The members of the Fredonia High School Dramatics Club wish to extend their thanks and appreciation to Mrs. Mildred Hunt for her directorship during the year.

BIRD STUDY CLUB

NEWTON HUNTLEY . . . . *Secretary-Treasurer*

MR. GEORGE W. BELDEN, *Faculty Adviser*

The Bird Study Club, organized in the fall of 1939 for the purpose of studying birds and bird lore, soon centered on the imitation of bird songs and calls. The club is unique in that respect, for it is believed that no other organization of its type exists in the public high schools of this country. After studying and learning calls and songs of birds under Mr. Belden's direction and by observation of birds in the field, various members made many appearances last year and, thus far, they have made four public appearances this year. The club's most outstanding achievement was its participation in one of Ellsworth Jaegar's "Wonder Trails of the Air" — a radio series dealing with nature study. The club is proud of James Tarbox, one of its members, who won a prize at the Amateur Contest held at Brocton in March. All members of the club have enjoyed its activities and achievements and hope to continue them in the future under the guidance of Mr. Belden, who conceived the club and is its faculty adviser.

This year Mr. Emanuelson introduced a new system of class instruction for his instrumental students. Each section of the band received personal supervision from him every week.

Also new this year was our concert schedule. We gave a series of short concerts rather than one or two major ones. In this way we became adept at sight reading and accustomed to appearing before audiences.

At the sectional contests held in April, the band received a rating which entitled it to play at the State Contest at Jamestown.

This year Fredonia High School has one of the largest orchestras in its history. Under the excellent guidance of the director, Mr. Keith Emanuelson, the orchestra has been practicing Beethoven's "First Symphony", "Lucio Silla" by Mozart, and other works which are contained in its repertoire. The orchestra again, this year, furnished the music for the annual "Minstrel Show" and also played in the Spring Music Concert.

The orchestra competed in the annual Western New York Music Festival and won the right to compete for State honors at Jamestown.

In June the Fredonia High School orchestra will furnish music for the Commencement exercises.

Under the direction of Mr. Emanuelson the Glee Club has participated in the annual minstrel show and has given several performances in various churches. On March 27 a concert was given in collaboration with the Girls' Glee Club. We participated in the Western New York Music Festival winning the right to appear in the State contest at Jamestown.

Through participation in the glee club activities, its 29 members have developed a greater appreciation of music as well as a closer companionship with each other. In the accomplishment of these two aims we believe that we have been repaid for our efforts.

We participated in a "Musical America" program at the Normal School where we sang two numbers: "Summer Time" and "I've Got Plenty of Nothin' ". We also took part in the Spring Concert.

At the annual Western New York Music Festival our club was rated one-minus, a rating which entitles us to compete at Jamestown in the State Contest later this year.

With the closing of the 1941 school year the Alpha chapter of the Fredonia Hi-Y Club has completed eleven years of service. The activities of the year have been planned so as to uphold the Hi-Y platform: "clean speech, clean sports, clean scholarship, and clean living". These ideals have been developed by a number of speakers at the meetings, by motion pictures, an assembly program, candy sales at school, sports programs, and a study in vocational guidance.

Intercity youth congresses at Buffalo and Rochester have had as delegates a group of our members. Alpha representatives at the state Hi-Y convention introduced and were responsible for the passage of a bill favoring stricter regulation of medical license laws.

The greatest distinction to come to our chapter was the election of Hubbard Huntley as president of the Frontier Council of Hi-Y clubs. This is the first time that this office has been held by any Alpha Hi-Y member.

Chapter activities were concluded with the annual banquet and the election of officers.

The purpose of the Hi-Y is to create, maintain, and extend throughout the school and community high standards of Christian character.

Every Tuesday evening in the Fredonia High School, the Beta Hi-Y meets. We have had a variety of programs during the year, one of which was an assembly program with Mr. Ellsworth Yeager, of radio fame, as the special guest. His lecture, "Nature's Symphony", and his imitations of bird and animal calls were enjoyed by everyone. At another time it was our privilege to have Mr. Tallman and Mr. Whitney as guests to exhibit moving pictures of camp life. Among other speakers and guests were Mr. Claude R. Dye; Coach Keyser of the Fredonia Normal School; Mr. H. S. Duncan; Mr. Rhodes, principal at Bemus Point; the Reverend Hyer of Forestville; the Reverend Gordon Schroeder of Fredonia; a few recent Beta Hi-Y members, who gave college talks; and some of our own members.

At Christmas time, we sent out three baskets of food to needy people. We also gave money to a Chinese fund for the purpose of extending to Chinese youth the privileges of university training.

MISS HELEN MILLER

MISS EUNICE FRISBEE . . . MR. WESLEY LEECH

Faculty Advisers

This is the third successful year for the F. H. S. Stage Crew. As members of this group, each student has faithfully rendered his service to the school.

The purpose of the Stage Crew is to aid in the production of Dramatic Club plays, chapel programs, music concerts, and the Senior exercises in June. Being a member of this organization means hours of hard work for the students. In return for their useful service members gain much valuable experience. The Stage Crew consists of students from the following departments: the Fine Arts, the Industrial Arts, and the Home Economics. Each department renders essential service in its own special way: the girls in Fine Arts perform those duties which have to do with art; such as, painting scenery and designing posters; the girls in Home Economics assemble, repair, and improvise costumes for various needs; while the boys in Industrial Arts do the work of carpenters, electricians, and stage hands.

We extend our hearty appreciation to our faculty advisers for their unceasing effort to promote the success of this group.

The Senior Girl Scout Troop, under the leadership of Miss Miller, was off to a good start last fall with its first meeting as a picnic supper in Miss Miller's barn. New members were taken in and were properly initiated. Later on in the year more girls were accepted, making a total of nineteen girls.

This year our meetings were devoted mostly in working for Scout badges, the singing of Girl Scout songs and the learning of how to be friendly and helpful in our community. We also did considerable knitting for the Red Cross.

During the year, for diversion, we went on a week-end camping trip to Camp Thornwood on Cassadaga Lake: had a tureen supper at Miss Miller's home; went on a bicycle hike; and held a party during Girl Scout Week.

The forensic work of Fredonia High School dates back to the years 1933 and 1934 when large citizenship classes sought to find good speakers to discuss civic problems. In the spring of 1935 defeated debate teams returned from meets in Jamestown and Hornell. They had failed, yet they were back most zealous to begin anew and to prove that they could succeed.

In the fall of 1935 Fredonia joined the Allegheny College Debate League. Since that year our school has for four times brought home awards from the college. Two times it has won the County American Legion contest. This year marks its entrance into the National Forensic League, winning in the first district appearance six places in the state contest.

The National Forensic League is an honor society for high school debaters and orators.

It was founded in Albany High School in October 1924. In 1925 there were twenty-four chapters in fifteen states. Today there are 500 chapters in forty states. Fredonia High School is proud to be allied with this organization. Our school has the privilege and responsibility of maintaining a high standard of excellence in speech arts.

The football season opened in September with an enthusiastic squad. "Jimmy" Cave returned as a post-graduate and he was appointed Captain by Coach "Dinty" Moore. The team played good ball at the Westfield and Falconer games. We met Lakewood on their field and were defeated by four points. In the encounters with Salamanca and Gowanda we took a sound beating. The fighting spirit returned in the Silver Creek game, which turned out to be a real battle. Jimmy Cave made a long dash across the pay-off territory, only to be called back by the referee. The most exciting game was undoubtedly the Dunkirk game. The team fought the best battle of the season and held the enemy to a mere 13 points. At the close of the season, the entire team attended the annual league banquet at Silver Creek, where James Cave captured a berth on the all-conference football team. Peter Torasso, Louis Leone and James Vinciguerra took places on the second team, while Edward Case received honorable mention.

The basketball season opened with a large squad reporting for duty. After several weeks of practice the team made its first encounter with the Cattaraugus team, scoring the initial victory of this season. For the first time in our school's history we met the Brocton Central school team. In both games the "Moore men" were victorious. In the following games we were met by defeat against the strong teams from Silver Creek, Falconer, Jamestown and Dunkirk. "Bert" Torasso played outstanding basketball all season. He was high scorer of our team in many of the games. His long range shots clicked in an outstanding fashion. As usual the team fought hard in the Dunkirk game. Only in the waning minutes did our defense falter. The season closed with the Jamestown game. Let us hope that in the near future, we will produce a crack basketball team so good that it will be undefeated.

GIRLS' INTER-CLASS SPORTS

MRS. MILDRED HUNT, *Physical Director*

The girls, this year, have engaged in many sports but basketball seems to have been their favorite. The basketball season opened before the Christmas vacation with many girls participating. Games were scheduled for after school on Tuesdays and Fridays. Two different tournaments were held. For the intramural tournament the following captains were chosen: Stella Saccamano, Rachel Clute, Doris Carr, Jeanette Detolla, Dorothy Zentz, and Loretta Leone. Each team was composed of players from different classes. This arrangement made the games far more interesting and competition keener. The team captained by Doris Carr won the most games. Following the intramural tournament, interclass games were held.

In the early fall and spring, badminton and ping pong were played. These sports were enjoyed by all who participated.

Not only have the girls enjoyed their interclass sports but they have benefited from them, becoming more skilled and efficient in games and developing qualities of good sportsmanship.

The girls participating in after-school basketball were chosen, according to classes, to attend several play days held at Fredonia and various other schools.

The Leaders' Club is a comparatively new organization, having been formed in 1940. The number of girls belonging to the club has been greatly increased. There are both active and associate members in this club.

The purpose of the Leaders' Club is to raise money for athletic awards, to arrange for girls' intramural and interclass games, and to officiate at play days.

This is the second year in which letters were awarded to each girl who had acquired a certain number of points by participating in various sports; such as, basketball, softball, soccer, badminton, and ping pong. The required points for achieving awards were one hundred points for a four-inch letter, two hundred points for a five-inch letter, three hundred points for a six-inch letter, and four hundred points for a seven-inch letter. Each girl was given five points for each game in which she participated.

Both active and associate members have received their Leaders' Club pins, which they prize highly.

CHEER LEADERS

SYLVIA GUGINO MARJORIE READ GERTRUDE ROTUNDA
DORIS SPINKS CHARLES ST. GEORGE

There is hardly any necessity to say that we have the best cheerleaders in the history of F. H. S., and that they have the backing of the entire school. With their "Fight-Team-Fight" and "Fre-don-i-a" we find them leading the crowd in the greatest boosters of team morale, the all-high cheers.

If we make plenty of noise and show tremendous enthusiasm in the gym and on the field when we meet the teams of other schools, it is largely because of the spirited work of our cheerleaders. Too much credit cannot be given for this work, for it means much unselfish and tireless effort on the part of these students. We pay tribute to our cheerleaders.

Dear Mar.
Hope you have a lot of luck and happiness through your lifetime
Love
Lois.

DUST ON MY HEART

As I was gazing above
And longed for someone to love,
My thoughts brought mem'ries of you,
And dust on my heart.
Your love made heaven be mine,
The joy of moments divine,
But now it's loneliness, blue,
And dust on my heart.
It's been a year since we parted,
One year of regret,
You left me then, brokenhearted,
How can I forget?
And then as if in a dream,
I saw you standing alone,
I reached for you; you were real,
Gone was the dust on my heart.

—Words and Music by Samuel Leone
